GBT Dynamic Scheduling System

David Frayer - 2020-11-18 - GBT

The GBT is scheduled dynamically. Users need to log into the GBT Dynamic Scheduling System (DSS) to enable their sessions, specify observers, and fill-out their blackout dates from their DSS project page.

<https://dss.gb.nrao.edu/>

The contact scientist ("friend") for your project can assist you, if you have any questions.
